

A bridge between Europe and Asia

EURASIA NET is driven by the ambition of turning the youth into a generation of responsible and socially committed young people, open to the world and to innovation. Our mission is to develop young people's skills and abilities, and to support them in their career path by offering them unique experiences with a strong local and international impact.

Civic commitment – international solidarity – social entrepreneurship – intercultural management

Founding member and CAMI* coordinator

With more than 1450 participants per year to mobility programs.

*CAMI : french sigle for international mobility organisations coordinator

Why supporting us ?

To Build a sustainable, reponsible and equal society by supporting an international volunteering organisation. Then fight against youth exclusion and unemployment by investing in their professional future.

As well to support citizen commitment and embody the moral and ethical values we carry in each of our actions for social mixity and solidarity. At the same time it's supporting social innovation with youth entrepreneurship.

Furthermore, it's the opportunity to act for the international expansion and outreach of our area. Also, support new generations of partners who will be able to work in organisations and businesses with international dimensions.

How to support us ?

We need support to sustain and strengthen our activities and social impact. It will give the opportunity to more young people to experiment international mobility.

Our Needs

- To build new partnerships to widen our programs network.
- Mentoring to maintain quality supervision for our volunteers.
- Supporting youth entrepreneurship guidance work.
- To ensure quality trainings with professional interventions.
- To secure Eurasia Net jobs and optimize our organisation structure.
